I. LOGISTICS SERVICE BUSINESS

**SYSTEM
X
ONE-STOP
DISTRIBUTION**

We can complete all of your import /export needs, from warehousing to domestic transportation, all in one place.

Our proprietary system allows us to work with you individually and simplify communication.

Services offered

- ✓ Ocean Import/Export
- ✓ Air Import/Export
- ✓ Inter-country transportation
- ✓ Specialised cargo transportation
- ✓ Customs Brokerage
- ✓ Warehousing
- ✓ Transportation Insurance

II. TRADING BUSINESS (IMPORT/EXPORT, TRILATERAL TRADE SUPPORT)

Import support

- ✓ Searching supplier factories and supporting the provision of sample products.
- ✓ We provide comprehensive support, from creating trade documents, to payment agency and international logistics.

Export support

- ✓ Precious metals, daily necessities, food, beauty products, industrial products, and other products handled

III. LOGISTICS CONSULTING BUSINESS

Even if your case involves difficult transportation, please contact us first. We will conduct interview to hear your needs and use our experience, track record, and overseas network to propose the best means of transportation for your case, taking into account all aspects of transportation, such as **speed, cost, and procedural efficiency.**

Examples of Services provided

- Investigating the laws and regulations of trading partners
- Acquiring customs importer/exporter codes
- Investigating and selecting HS codes
- Acquiring RCEP Certificate of Origin
- Support for food imports and exports, etc.

IV. SPECIAL CARGO TRANSPORTATION ARRANGEMENTS (ACHIEVEMENTS)

Case1: Export of domestic cosmetics to China

The COVID-19 pandemic hit before obtaining permission from China for import customs clearance while taking time due to the contained ingredient of "wild soybeans." Despite being at the mercy of repeated legal changes, we well cooperated with a local subsidiary and completed the arrangements.

Case2: Import of large machinery equipment

From import to delivery and installation, we provide project management and support that goes beyond logistics to provide consistent management.

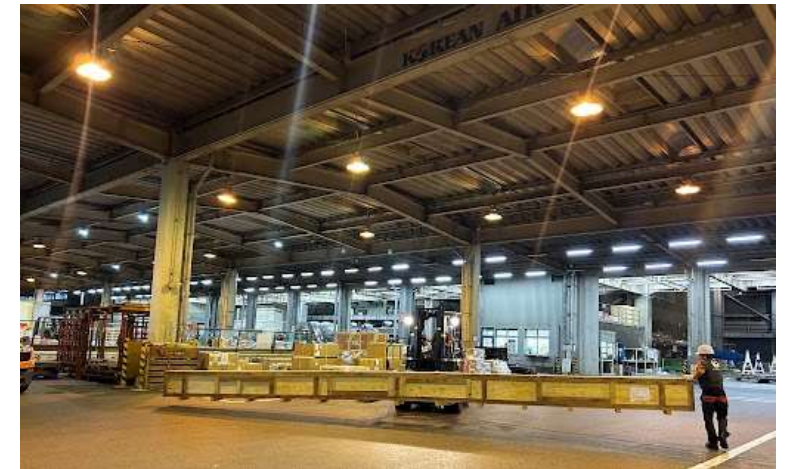

Case3: Arrangements of Import/Export of Exhibition items

Arrange suitable transportation for exhibition equipment to certain conditions.

Case4: Air/sea transportation of long cargo

Among the many cases involving long cargo, we have experience arranging air exports of 10m-long ship parts. We can also arrange for the associated wooden box packaging.

We have other achievements of special cases.

Feel free to contact us regarding overseas transportation.
